MEDIEN

VIDEO PRODUCTION

There are many great videos, and we do them too, no question. However, our focus is on the added value, because videos must work. In order to present your communication goals to the public at the highest quality level and to achieve the desired result, we pull the common thread of your core message through the entire storytelling – from the teaser to the call-to-action. If you wish, we can also support you afterward with your social media campaign.

Your Themes

- Recruiting | Employer Branding
- Image | Corporate Identity
- Explain & Learn | Customer & Employee Education
- Documentation & Reportage
- Products & Industry
- Advertising, Trailer & Event Films
- Animation & CGI

Your Benefits

- 30 years of experience in video production, also internationally
- Knowledge of interdisciplinary projects (from industry to medicine)
- Extensive technical equipment
- In-house green screen studio
- Qualified team of experts, consisting of directors, screenwriters, moderators, and media designers for image and sound
- Creative storytelling tailored to your brand message

5 Steps to your Video

1. Contact, discussion, and consultation
2. Individual quote
3. Conception and development of the screenplay in cooperative collaboration
4. Filming and post-production
5. Final handover

Our Offer

Our offer includes the number of filming and editing days, including personnel, equipment utilized, and the conception of your script. Feel free to contact us with your video theme – we will guide you in detail and send you a non-binding cost estimate shortly.
